Senator Annette Taddeo has been a fighter all her life. She's had to be. As the daughter of an American WWII fighter pilot who gave her that true fighting spirit — She was taught to always believe and never give up!

She has spent her career fighting for core Democratic issues like a living wage for all Floridians, defending a woman's right to make choices about her own body, economic growth through helping our small businesses, affordable healthcare for all Floridians, safe drinking water, and stronger and safer schools. In the face of obstacles and challenges, Annette has always believed and never gives up.
